4. How to Participate

- Check the airdrop rewards for each tier and stake the desired amount (a minimum of 1,000 XPLA staking is required)
- Once the "Fever Completed" stamp is successfully applied, participation is complete!
- Maintain the staked amount until the final season end date (08/01) and receive the airdrop!
- Participants holding the Space Farmer NFT received by participating in Chapter 1 will receive a 10% bonus reward on the airdrop amount!
- Participants holding Space Farmer NFTs must retain these NFTs in their participating wallets until the challenge end date (8/1) to be recognized.

5. Disclaimer

✘ When you delegate, the stamp is applied, and additional delegation from the Event Labs is not possible after the stamp is applied. Therefore, please consider the quantity carefully when initially staking.

✘ Fever Time event rewards will be distributed after the completion of Chapter 2.

✘ Maintaining the final staked quantity decided after Season 2 until the final season end date (08/01) is a condition for the airdrop.

✘ Fever Time event only acknowledges the delegation quantity during Season 2. Delegation quantities from Season 1 are not combined.

Example: Delegation of "100 XPLA" in Season 1, Delegation of "900 XPLA" in Season 2 = Total delegation of 1,000 XPLA → Qualifies for the existing staking challenge event, but does not qualify for the Fever Time Event with "Completed" Stamp applied.

✘ During Season 2, an additional airdrop event will be held to provide differentiated rewards based on the staking quantity. This event is separate from the Staking Challenge event. Rewards for the existing Staking Challenge event will be paid as originally planned.

✘ When staking between 100 XPLA and less than 1,000 XPLA, the default "Completed" stamp is applied. This is considered as participating in the Staking Challenge event but failing to participate in the Fever Time Event.

✘ You must meet the condition "Final staking quantity decided after Season 3 \geq 1,000 XPLA."

Final delegated quantity:

→ Quantity staked during Season 3 - Quantity under-delegated during Season 3

Example 1: On 03/01, delegate 1,000 XPLA, on 3/30, undelegate 900 XPLA = 100 XPLA delegation

→ Qualifies for the existing staking challenge event, but does not qualify for the Fever Time Event.

Completed stamp is applied.

Example 2: On 03/01, delegate 2,000 XPLA, on 3/30, undelegate 1,000 XPLA = 1,000 XPLA delegation

→ Qualifies for the existing staking challenge event and Fever Time Event. **Fever Completed stamp is applied.**

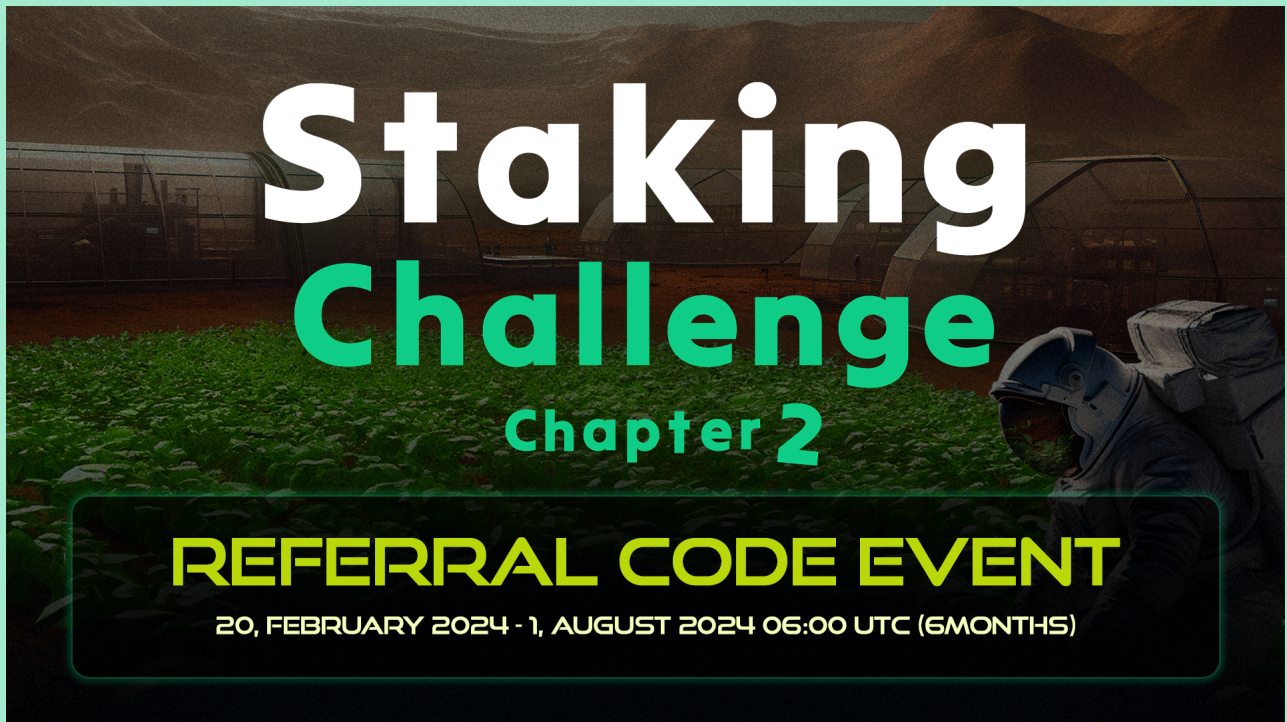

Example 3: On 03/01, delegate 1,000 XPLA, on 3/30, undelegate 910 XPLA = 90 XPLA delegation

→ Does not qualify for the existing staking challenge event and Fever Time Event. **Failed stamp is applied.**

✘ Even if the "Fever Completed" stamp was applied during the initial staking, if the final staking quantity decided after Season 2 does not meet the conditions, it may be changed to "Completed" or "Failed" stamps. Please double-check the stamp after the end of Season 2!

✘ Participants holding Space Farmer NFTs must retain these NFTs in their participating wallets until the challenge end date (8/1) to be recognized.
